	AAL JP Call 1 2008	AAL JP Call 2 2009	AAL JP Call 3 2010	AAL JP Call 4 2011	AAL JP Call 5 2012	AAL JP Call 6 2013	FP 7 ICT programm e, ICT & Ageing, First Call
Large enterprises	9%	7%	10%	10%	7%	9%	10%
SMEs	38%	46%	49%	52%	44%	47%	19%
User and other organisations	18%	14%	11%	11%	21%	16%	6%
Research organisations	19%	21%	19%	14%	12%	15%	35%
Universities	16%	12%	9%	13%	16%	13%	30%
Total	100%	100%	100%	100%	100%	100%	100%

30% of entities with an end-user role

^[1] The data shown for AAL JP are for submitted proposals, and are very similar to the data for ranked proposals – i.e. those eligible for funding – so the latter data are excluded.

^[2] Average SME participation in the whole FP7 ICT programme is 14.4% (FP7 report, Spring 2010, European Commission, DG-Research).

Number of submitted proposals and funded projects

Call 6 proposals invited for negotiation/reconfiguration

AAL JP Consortium Composition

- Consortium must include at least **three** independent eligible organisations from at least **three** different AAL Partner States participating in the Call for Proposals
- Consortium must include at least **one business partner**
- Consortium must include at least **one SME partner** which can be the business partner
- Consortium must include at least **one end-user organization**
- Compliance of the consortium members to the specific national eligibility rules found at www.aal-europe.eu
- Adherence to the specifications for structure and technical details (e.g. page count) of the proposal submission.

AALA Support Actions

Latest Actions (1/2)

- Action 1: AAL2Business
 - To support AAL JP projects to bring their developed solutions to the market within 2 to 3 years after the end of the funding period
- Action 2: Collaboration with regions
 - Action aiming at facilitating the deployment of AAL solutions, via workshops with local and regional representatives to raise awareness of AAL JP projects, to foster exchange of experience between European regions
- Action 3: User involvement in AAL JP projects
 - To support AAL JP projects in involving users in the most appropriate and effective way during research, development and role-out via current state and analysis of user involvement and workshops, among other activities
- Action 4: Standards & interoperability in AAL
 - To raise awareness about interoperability issues of AAL solutions to facilitate market uptake
